

Ratioplast-Electronics GmbH | Jockweg 66 | 32312 Lübbecke

Dear Sir and Madam,

caused by Corona Pandemic und resulting procedures through Public Health Department, we are facing staffing shortage. Once again we now have increased number of workers ill resp. in quarantine.

Workers are instructed by Public Health Department to stay at home. We do not have any further handle on this situation and are more and more restricted in our flexibility. Also we could not foresee how rates of new infections are levelling out.

This is why we now have to inform you, that it might come to temporary supply shortage.

These circumstance are out of our control and out of our fault, they are act of force majeure.

We try with all available and possible action to keep deliveries ongoing and do everything for us possible, to minimize effects on logistic chain to the unpreventable minimum.

Best regards

With best regards

Anne Stegkemper
